Ouro Preto, March 25, 2017.

Dear Raniere Gaia Costa da Silva

On behalf of the Laboratory of Image Processing at Computing Department at Federal University of Ouro Preto, I am delighted to invite you as a Software Carpentry and Data Carpentry instructor to present a Workshop in Ouro Preto on August, 2017. Given your skills and knowledge we believe your presence will be highly appreciated by our Computer Science and Engineering graduate students. We expect that your presence will promote open code development and high-level programming languages, as well as, open opportunities and show potentialities of applications in all Computer Science areas. Unfortunately, we have no financial support for your flight expenses, but we may provide you hotel during your stay.

We are looking forward to have you here in Ouro Preto

Sincerely

Professor Andrea G. Campos Bianchi
