UNIVERSIDADE FEDERAL DO CEARÁ
CENTRO DE TECNOLOGIA
DEPARTAMENTO DE ENGENHARIA DE TELEINFORMÁTICA

Fortaleza, March 21, 2017.

Dear Raniere Gaia Costa da Silva

On behalf of the Image Processing Research Group at Universidade Federal do Ceará, I am delighted to invite you as a Software Carpentry and Data Carpentry instructor to participate in the 2nd Workshop Science without Borders to be hosted in Fortaleza, Brazil on August, 2017. Given your curricular merits and your participation in first edition of the same event it will be of great importance and contribution to Universidade Federal do Ceará to receive a training course in Python and R. We are sure that your lectures will open us opportunities and show potentialities of applications in Image Processing research. As our invited speaker, we will offer hotel and domestic flight tickets during your stay here.

It will be a pleasure to meeting you in Fortaleza.

Sincerely,

Professor Fátima Nelsizeuma Sombra de Medeiros
Image ProcessinG Research Group -GPI
